1. For your information I have set forth below the main points covered by [redacted] in his telephone call to Project Headquarters on 30 April:

A.

STAT

B.

Within Edwards Air Force Base, it appears [redacted] the Project official for ARDC regarding the U-2, has been urged by Edwards AFB air installation to immediately move his project to the main line of operations. The apparent purpose would be to save the Base funds to be expended on ARDC U-2 program. [redacted] is directly opposed to this and I indicated my general agreement with his position. The reason being that our explanation for presence is specifically related to the ARDC research and application program.
